

Usha Lubes Pvt. Ltd. is an ISO 9001:2015 certified organization, engaged in the manufacturing of quality lubricants exclusively for the wire-rope and allied industries. The company is also involved in trading of products such as wire-rope socketing compound, wire-drawing soaps/lubricants/greases, and fire resistant hydraulic fluid.

Usha Lubes Pvt. Ltd. has its head-quarters in the city of Kolkata (West Bengal) and factory in Jamshedpur (Jharkhand), both located in the Eastern region of India. The company also has stock-points in Pune (Maharashtra) and Bangkok (Thailand).

Established in the year 1983, the company has over 30 years of experience & expertise in the manufacturing, supplying and trading of wire-rope lubricants and related products in the Indian and International markets.

A brief description of the company's activities:-

Manufacturing

Usha Lubes Pvt. Ltd. manufactures a wide range of wire-rope lubricants and rust preventive oils at its Jamshedpur (Jharkhand) plant. The company has an in-house laboratory, located in Jamshedpur, which is well equipped to carry out all the necessary tests that enable it to maintain a consistent quality standard for all its products. These testing facilities also enable the company to work closely with its customer and develop products based on their requirements.

A number of established wire-rope manufacturers in India use wire-rope lubricants manufactured by Usha Lubes Pvt. Ltd. Apart from domestic customers, Usha Lubes also supplies its products to wire-rope manufacturers based in countries such as United Arab Emirates, Kingdom of Saudi Arabia, Malaysia, etc.

Trading & Distribution

Usha Lubes Pvt Ltd. has tie-ups with foreign companies and functions as their trading partner.

CONDAT (France) – Usha Lubes Pvt. Ltd. is the exclusive authorized supplier/distributor for Condat's range of Wire Drawing Soaps & Lubricants and Fire Resistant Hydraulic Fluid (FRHF), in India and Thailand. These products are manufactured by Condat in France.

Usha Lubes Pvt. Ltd. also distributes these Condat products in Thailand, through its subsidiary company, Usha Lubes (Thailand) Ltd., which has its warehouse & office in Bangkok, Thailand.

Millfield Enterprises (United Kingdom) – Usha Lubes Pvt. Ltd is the exclusive authorized supplier/distributor for the WIRELOCK range of cold socketing products, for the Indian market. WIRELOCK is a polyester resin-based product meant for the cold socketing of wire-ropes, manufactured by Millfield Enterprises Ltd. in the United Kingdom. This product (WIRELOCK) has been approved for use by a number of international institutes & authorities, such as the Directorate General of Mines Safety (India), American Bureau of Shipping, Det Norske Veritas, and a number of government bodies in countries like the UK, USA, Norway, etc; to name a few.

WIRELOCK – Cold Socketing System

Equipment:-

The company strives to keep its factory equipment and laboratory apparatus up to date in order to consistently supply customers' with good quality products. Over time, the company's laboratory has been updated with more modern testing apparatus, ensuring consistent and accurate quality check measures.

Our Vision:-

To be the preferred and most trusted source for wire-rope lubricants and related speciality products & services, and be the company that best understands and satisfies the needs of its customers at the best possible cost advantage.
